OUTDOOR USE WITH PROPANE GAS  
ONLY. PROPANE GAS NOT INCLUDED)

100412 Gray

## Vive Fire-pits Features & Benefits

- All our Fire-pits are engineered and made from heat-resistant Magnesium Oxide non-porous material.
- CSA-approved for safe, sustainable, clean burning, outdoor propane gas powered units.
- Added recessed glides allow for proper leveling of the fire-pit burner table.
- Adjustable flame control for low-high flame level settings.
- Weather-resistant, in stylish gray faux-wood color to look like real concrete & wood to blend seamlessly with your outdoor environment.
- Enhanced flame accents with black fire glass rocks that embody the look of decorative lava but are odorless, ash-less, smokeless, environmental friendly.
- Featuring a battery-operation ignition. Batteries are included.
- Unit attaches to Propane tank size 20 lbs. Propane gas sold separately. See authorized gas dealer for purchase.
- Clean burning unit with no toxic deposit when burning.
- Rated at 50,000 BTU
- For propane use only. CAN NOT be converted to natural gas.
- Fire-pit comes fully assembled. Some assembly is required, for propane gas hook up.
- FOR OUTDOOR USE ONLY.**

\*\*Please note: avoid letting water stand on surface or the burner unit.

\*\*Do not pour water directly on to fire/ gas powered flame or use for cooking. Flame and fire is for decorative enjoyment not cooking heating food.

\*\* To prolong the cleanliness and life of your fire pit table use the cover provided.

\*\*Coordinating Propane gas cover also sold separately.
