CAUTION: Failure to follow these guidelines may result in property damage or personal injury. Each shelf holds up to 500 lbs. with equal weight distribution on leveling feet (without casters). Each shelf holds up to 125 lbs. with equal weight distribution on locked casters.

Step 1 - Stationary Option

Screw each FEET LEVELER (G) into the bottom of each BOTTOM POLE (A). Turn clock-wise to screw into place.

Step 1 - Mobile Option

Screw each CASTER (F) into the bottom of each BOTTOM POLE (A). Turn clock-wise to screw in place. Use the provided hex wrench to tighten all the way. Make sure the Casters w/Lock are on the same side.

Step 2

Each POLE (A+B+C) has slight horizontal line indentations at 1" intervals. Each SLIP SLEEVE (E) has raised horizontal lines inside designed to lock them in place on the POLE. On each POLE, place 1 pair of SLIP SLEEVES (E) at the desired level. Please make sure the "up" arrow faces up. Do this for each POLE, and make sure that the heights are identical for each POLE.

* For safety and stability, the lowest shelf should be lower than the 3rd notch from the bottom.

** Note: There will be a very small gap in between the SLIP SLEEVES - this is normal

Slide the pair of SLIP SLEEVE (E) until you hear a click to confirm the pair is locked onto the POLE. DO NOT place more than one pair on each POLE at a time.

Step 3

Slide the SHELF (D) from the top of the POLES (A+B) onto the pairs of SLIP SLEEVES (E). Make sure that the SHELF corner cylinders are positioned over the SLIP SLEEVES. ****Note: The level side of the SHELF is the TOP side (the TRINITY logo on the corner cylinders should be right-side up)**

Step 4

Screw the BOTTOM POLE (A) and the MIDDLE POLE (B) and the TOP POLE (C) together to create four long poles. These will be the posts for the rack. The top of these poles are indicated by the BLACK END CAP.

Step 5

Repeat Steps 2 and 3, adjusting the height for the desired distance between each shelf. **** Note: For safety and stability, the highest shelf should be higher than the third horizontal indentation from the top.**
