Shark®

HV301

Shark® Rocket™ Vacuum

Benefit Statement

This Never Loses Suction, ultra-lightweight corded vacuum features swivel steering to easily maneuver around and under furniture while providing the deep cleaning performance of a traditional upright. The Shark® Rocket™ vacuum is ergonomically designed to allow for comfort and versatility for bare floor, carpet, furniture, and above floor cleaning. The premium power nozzle includes two speed brushroll operation, providing superior performance on both carpets and bare floors. A generous 30 foot long power cord provides full range of motion for cleaning large areas quickly and easily. A wall mount with anchors and screws provides an easy storage solution.

Product Features

- Never Loses Suction Technology
- Portable and Ultra Lightweight
- Upright Cleaning Performance
- Swivel Steering
- Above Floor Cleaning Versatility
- Ergonomic Design
- 2 Speeds Optimized for Carpet and Bare Floor Cleaning
- convenient wall mount for storage
